

How to Add your Practice Code (App)

Last Modified on 10/03/2024 11:41 am EDT

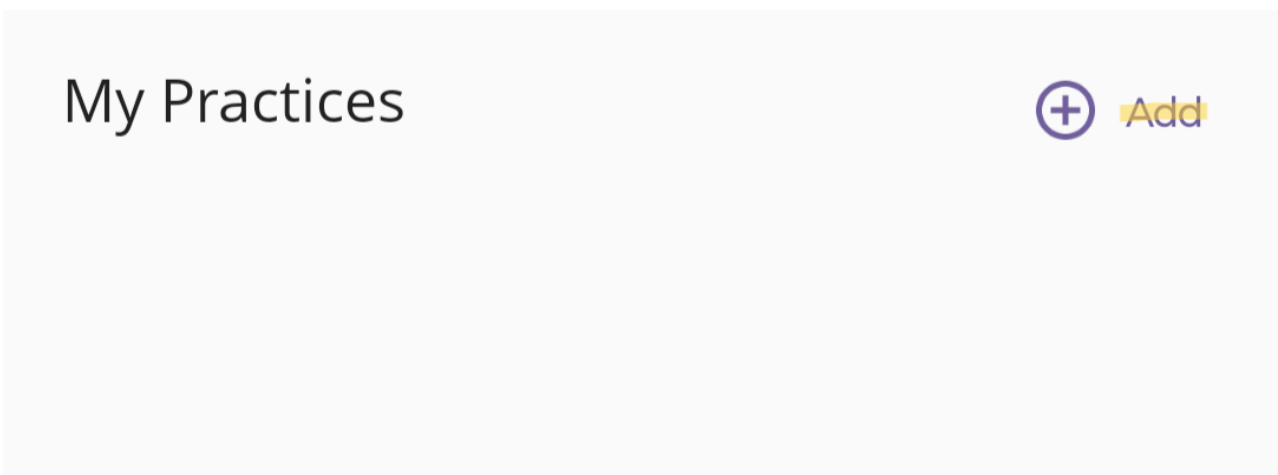

How to add a practice on the Anytime Application

- Log into the application on your iOS or Android Device.
- Click on the Practices icon at the bottom of your screen

- Click on the Add button

- Enter your Practice's practice code

Add Practice

Enter Practice Code

Practice Code - This is a 4 digit code provided by your practice.

If you do not have a practice code, please call your practice or check their website. Tap 'Yes' when you have your practice code.

- Once you have entered the practice code, select your practice and select Yes to add the practice.

Add Practice

1227

Big Heart Pediatrics

(205) 586-1947

Add Practice
