- Email * (text input)
- First Name * (text input)
- Last Name * (text input)
- User Type * (dropdown menu)

A red error message "Please choose the type of user" is displayed below the User Type dropdown. At the bottom are two buttons: "Invite to Visit" (green) and "Cancel" (white).

3. The third party will receive the invitation via email and will click the word here to join the telemedicine visit.

You have been invited to join an in-progress telemedicine visit with Dr. Laura Smith MD

Please click [here](#) to join the visit now.

4. Once the third party has joined the visit, all three users will appear in the visit.

The screenshot displays a telehealth interface for a patient named Jessica Test. At the top, there is a progress bar with five steps: Review, Start Chat, Begin Visit, End Visit, and Complete. The current step is 'Begin Visit'. Below the progress bar, the patient's name 'Jessica Test' is displayed, along with 'Female | 8 y | 111 lbs | 50.0 °F' and '*Not in List*'. A 'Invite to Visit' button is located in the top right corner.

The main area is divided into two sections. On the left, there is a video feed showing a young girl with long brown hair, identified as 'VIDEO INPUT SOURCE'. On the right, there is a sidebar with patient information:

- Name: Jessica Test
- DOB: 3/25/15
- Allergies: Other:
- Visit info
- Symptoms:
- Current Medications:

Below the sidebar, there are tabs for 'Chat', 'Images', 'Clinical Notes', 'Admin Notes', and 'Parent'. The 'Chat' tab is currently selected.

At the bottom of the interface, there is a horizontal bar showing other participants. On the left, there is a small video feed of another person. The rest of the bar is greyed out.
