

How to make a phone call on the Anytime Clinician App

Last Modified on 09/25/2024 1:15 pm EDT

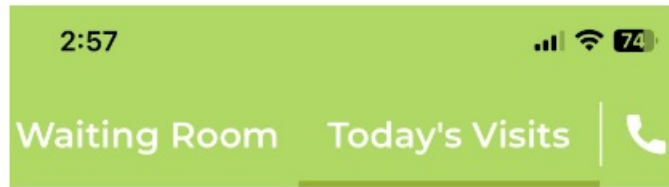

Follow the steps below to learn how to make an outbound phone call on the Anytime Clinician App

- Download the Anytime Clinician App from the Apple Store or the Google Play Store
- Log in using your current credentials
 - If you are unsure what your credentials are, reach out to our [customer service department](#) to verify if your account has been established.
- Once you are logged in, click on the waiting room icon in the bottom left corner of your screen

- Select the Phone Icon in the top right corner

- Search for the patient that you would like to call

A search form titled 'Search Parent' with a close 'X' icon. It contains three input fields: 'Parent First Name' with the value 'Eileen', 'Parent Last Name' with the placeholder 'Enter Parent Last Name', and 'Parent Email Address' with the placeholder 'Enter Parent Email Address'. Below the fields is a green button labeled 'Search For Parent' with a yellow arrow pointing to it from the right.

- Once you have selected the correct patient, click on the green phone icon to make an outbound phone call to that phone number.

A search results list titled 'Search Parent' with a close 'X' icon. Below the search fields is a green button labeled 'Search For Parent'. Below the button is a table with the following data:

Parent Name, Phone, Email	
<input checked="" type="radio"/>	Eileen Foley 2158804661 efoley919@gmail.com
<input type="radio"/>	Eileen F 1231231231 eileen123@gmail.com
<input type="radio"/>	Eileen Foley 2158804661 efoley919@gmail.com
<input type="radio"/>	Eileen F 1231231231 eileen123@gmail.com

Below the table are three icons: a yellow arrow pointing right, a green phone handset icon, and a green dial pad icon.

If you can not locate the correct patient, select the dial pad icon to enter a phone number manually to make an outbound call.
